Subjects

A

Academic Content Standards, 228
Academic language support, 364–65
Accelerated Schools network, 242
Accountability, 207–08, 210, 339
Achievement gap, 308
Action stage, 324, 332–33
Adequate Yearly Progress (AYP) standards, 13–14
Adjunct faculty, 215
Administrators: changing roles, 251–52; fund-raising with grant proposals, 116–18, 121–22; preparation programs, 154; U.S. and Mexico, 157–59
African Americans: dropout rates, 149; language and culture, 37–38; social ills within community, 329
African-American Vernacular English (AAVE), 37–45
Agnosticism, 312–19
Alternative licensure, 68–69, 72
American Association for the Advancement of Science, 232–33
American Association of Colleges for Teacher Education (AACTE), 65
American Counseling Association, 105, 327
American Federation of Teachers (AFT), 353
American Psychological Association, 105
Art: learning through, 358–59; methodology, 302
Australia, coresearchers roles, 171–84

B

Bandwagon mentality, 317
Behavior: combining intent with, 323; cultural context, 365
Bill and Melinda Gates Foundation, 117
Black English suit (Ann Arbor, Michigan), 38–40
Black English Vernacular (BEV), 37
Black Patois, 39–40
Border Pedagogy Biliteracy Institute, 269–70
Borderland teachers: dispositions, 269–81; preservice teacher transformation, 142–53
Bullies, 21–22, 28–30

C

Capacity building, 181–83, 208
Case study: clinical experience courses, 51–54; data sources, 54–55; preservice teachers' improvement, 57; writing assignment, 48–60
Center for Research on Education, Diversity, and Excellence, 344
Center for Science and Culture, 224
Center for the Renewal of Science and Culture (CRSC), 224, 229
Change: capacity for, 212; educational practices research, 63; methods for, 330; partnering, 328–30; pitfalls, 323; process required, 322, 334; stages, 322–24; teacher educator views, 73; theory and learning organization model, 124, 132
Channel One, 36
Charter schools: government regulations, 361; lessons learned from, 352–61; test performance, 353
Chat rooms, 25
Child Development Project, 242
Children: adult concepts and, 307; negative and aversive attitudes about learning, 356–58; previous school placements, 357; urban youth disassociation, 10–20
Christian fundamentalists, 224, 234

Citizens for Excellence in Education, 227
Class: counseling and, 105; social model, 11–12; Title I schools and, 113
Cleanliness and head lice, 106, 110
Clinical experience courses, 51–54
Coaching, 372–73
Coalitions: schools and universities, 128; street-level democrats, 116, 119–22
College of Physical Education (Nigeria), 135–36
Communism and intercultural education, 191
Communities: behavioral change, 322; goals, 323–24, 334; involvement in education, 94–95, 327; school and university coalitions, 116–22; stages, 323–28
Communities of color, 320–35
Community Service Learning (CSL), 145–50
Computers and cybercrime, 22–24
Concept Oriented Reading Instruction (CORI), 126
Concepts: abstractions from experiences, 298; concrete examples basis, 301; difference in complexity, 307; teaching, 306
Conceptual frameworks, 242–43, 252
Concerned Women for America, 227
Conflict mediation, 71, 73
Constructivism: compared to objectivism, 298–308; defining, 296–97; flaws, 304; idealism, 298–300; neutrality, 308; social consensus, 300–01, 305; themes, 127–28
Contemplation stage, 323, 325–26, 328, 330
Contextual knowledge, 298–99
Contract faculty members, 215–16
Coresearcher roles, 171–84
Counseling: culturally centered, 105; keeping kids in school, 326–28; multicultural approach to, 321
Creationism, 223, 305
Crime: bully beginnings, 28; cyber harassment, 22–24; youths and, 16–18
Cross-cultural research, 155–56, 158
Cultural: democracy, 144–45; development, 367; identity, 363–66
Cultures: border communities, 278; collectivism, 146, 167; counseling and ethics, 104–105; culturally responsive educators, 119–21; definition, 154–55; dependencies, 248; dimensions, 156–58, 166–68; race and, 149–50; sensitivity toward, 278
Curricular readiness, 303–07
Curriculum: connecting to student interests and knowledge, 297; selection process, 304–05; teacher education programs, 64–65, 71–73
Cyberbullying: examples and solutions, 22–26; poll, 33–36; research implications, 27–31
Cybercrime, 22–24

D

Decision making: preservice teachers, 48–49; principals, 82–84, 88
Delinquency and macro-social education, 11–19
Depression and people of color, 328–30
Diagnostic inventory, 177–78
Differentiated instruction, 128, 304
Digital bullying, 21–22
Disassociation of urban youth, 10–20
Distributive leadership, 209, 211
Dropouts, 13–16, 149
Dysfunctional families, 30–31

E

Ebonics, 37
Education: faculty members reforming views, 64, 73; intersecting with corrections, 104–115; pseudoscientific ideas, 303; purpose of, 186; village concept, 321
Education Queensland (EQ), 172–83
Educational reform, 64, 73, 343
Edwards v. Aguillard, 223
Ethics, 54, 105
Evolution, 223, 226–29, 234

F

Faculty members: charter schools, 354; job expectations, 217–18; noncore, 215–20; teacher preparation programs, 61–74; tenure, 215–17
Faith and education, 298, 312–19
Family: involvement, 94–95; relationships, cyberbullies, 30–31; vs. peer associations, 16–18
Formulaic commercial writing programs, 338
Foundation for Thought and Ethics, 227
Full-Service Community School project, 108–09, 112

G

GLOBE research project, 158
Grant-seeking activities, 116–19
Grassroots sports, 137–38

H

Harambee, 321, 323–24, 334
Harriet Tubman Charter School (HTCS), 354–60

Head lice, 104–14
Hierarchy of needs (Maslow), 186
High leadership capacity schools, 238–53
Higher education: glass ceiling, 332–33; meaning of teaching, 316
Higher-rank language patterns, 364
High-stakes testing: inner-city youth, 13–15, 19; negative impact, 337; passing concerns, 108, 113–14; raising student pass rate, 338; standardized, 186; writing, 337–49
Hispanics: dropout rates, 149; immigration, 142–43, 146

I

ICS-T profiles, 15–16
Idealistic philosophies, 297–98, 300
Immigration: border pedagogy and, 146–48; Hispanic, 142–43, 146
Indigenous knowledge, 364–66, 369–70
Inductive-deductive method, 302–03
Innovation and Best Practice Project (IBPP), 173
Innovative Designs for Enhancing Achievement in Schools (IDEAS), 171–84
Instructive phase, 244, 246
Intelligent design, 222–36
Intelligent Design Network, 228
Intercultural education, 190–91
International Council for Health, Physical Education, Recreation, Sport, and Dance (ICPHER-SD), 136
Internet, 21, 375
Interpersonal Intelligence Inventory (III), 29

J

Jealousy and cyber-abuse, 23
Job expectations, 217–18
Joblessness, 12–13, 16

K

Kentucky: professional development, 338, 344; regional consultants, 347; writing program, 341, 343
Kentucky Education Reform Act, 339
Knowledge, 296–04

L

Labeling theory, 105–06, 112–13
Latino: parents, 296–305; students, 262–63
Leadership: basic practices, 210; characteristics, 239; collective responsibility, 243; context, 252, 372; contributing to students' learning, 210; critical reflection, 372–73; defining, 239; dimensions, 77, 87, 161–69; distributive, 209–11; Mexico City and South Texas study, 154–70; models, 155–57, 168; potential, 372–73; proactive, 207–08, 210; problem-solving approaches, 76–77, 83–84, 86, 243; risk-taking, 208; school improvement, 242; sustainable, 204–13; teachers, 246, 251; transitional phase, 246–49
Leadership Practices Inventory (LPI), 158
Leadership Research Institute, USQ, 172
Learning: capacity for, 212; communities, 129–32, 343–44; cultural identity, 363–70; development workshop, 331–32; from colleagues, 313; organization model, 123–24, 132; as social mediation process, 364–65; theme in leadership essays, 165–66; through art, 358–59
Lifelong learning, 276–77, 343
Low-income urban schools, 353

M

Macro-social system, 10–12, 15, 18–19
Maintenance stage, 324, 326, 328, 332–33
Margaret Sue Copenhaver Institute for Teaching and Learning (MSCI), 123–32
Massachusetts Coalition for Teacher Quality and Student Achievement, 116, 119–21
Mentoring, 17–18
Mexican–U.S. border: cross-cultural research on leadership, 158–59; preservice teachers, 142–43, 146–47
Micro-social systems, 10–12, 15, 18–19
Monocultural teachers, 143, 149
Multicultural: competencies, 142, 320; counseling, 321; education, 190–91

N

National Assessment of Educational Progress (NAEP), 353
National Center for Education Statistics, 353
National Center for Science Education, 225
National Commission on Teaching and America's Future, 129
National Council for Accreditation of Teacher Education (NCATE), 62
National Council of Teachers of English, 43
National Educational Longitudinal Study, 12
National Policy on Education (Nigeria), 137
National Sports Development Policy, 137–38
National Writing Project, 340–43
NCLB (No Child Left Behind): garbage can

comparison, 117; inner-city youth, 13–15, 17; public school systems, 118; school status, 108
Needs assessments, 120
New York Charter Schools Act, 354
Nigeria Association for Physical, Health Education, and Recreation (NAPHER), 136–37
Nigeria College of Arts, Science, and Technology (Zaria), 135
Nigeria physical education, 134–40
Nonconstructivist teachers, 303
Noncore faculty members, 215–20
Novice principals, 80–84

O

Oakland Ebonics debate, 38, 40
Objectivism: contradictions, 299–302; grounded reality, 200; philosophy, 297–99; 304, 307
Office of Educational Research and Improvement, 48
Ohio Department of Education (ODE), 228
Online education, 71–72
Organisation for Economic Co-operation and Development (OECD), 211
Organizational change theory, 123–24

P

Parents: bullies, 30–31; changing roles, 251–52; importance in education, 94–95
Partnerships: grants, 119; trust and mutual respect, 321
Pedagogical agnostic, 312–19
Peer associations, 15–18
Peer harassment, 21
People of color, 321–34
Pew Hispanic Center, 10
Physical education (Nigeria), 134–40
Piestrup study of African Americans, 39
Pluralism, 190–91
Pluralistic language orientation, 278–79
Policy-making responsibility, 209–10
Political influence on education research, 64, 70
Polling, 27, 33–36
Popular culture and smartness, 374–76
Portfolio assessment system, 339
Poverty: border pedagogy and, 148–49; predicting delinquency, 12–13, 16; Title I schools, 113
Precontemplation stage, 322–23, 325, 328
Preparation stage, 323–32
Preservice teachers: border pedagogy, 142–53; case study analysis and case writing, 48–54
Principals: leadership capacity, 243–51; problem analysis, 82; tacit leadership knowledge, 75–90
Probation, 104–05, 108–10
Professional development: borderland teachers, 275–77; business model, 124, 132; cross-curricular scoring session, 342; discussions generated by writing, 341; high-quality, 337–49; learning communities, 343–44; MSCI (Roanoke College), 123–32; organizational learning, 211; portfolios, 345–46; state's role, 343; transnational influences, 276–77
Professional Development Schools, 286–87
Professional knowledge base, 62, 65, 68, 72, 124–25, 151
Proposition 187 (California), 147
Proposition 227 (California), 150

Q

Queensland, Australia study of roles of coresearchers, 171–84

R

Race: border pedagogy, 149–50; conversations about, 252
Reality: knowledge of, 296, 302; nature of, 200–01; therapy, 100; understanding, 306
Reason: false premises, 301–02; sources of knowledge, 298; strategies in cultural context, 365
Rehabilitation programs for bullies, 29–30
Research: clinical experiences study, 48–60; coresearchers roles, 171–84; on educational leadership (U.S. and Mexico), 154–70; evidence-based and scientifically based inquiry, 308; methodology, 315, 317; preservice teachers, 142–53; tacit knowledge of principals study, 75–90; teacher preparation programs, 61–74
Responsibility for policy making, 209–10

S

San Diego–Tijiuana border region, 143, 146
Scaffolding, 365
School improvement: climate, 211; conceptual frameworks for, 242–43; phases, 243–50
School reform, 120
Schools: calendars, 188–89; community and university coalitions, 116–22, 128; community relationships, 120; curriculum revision, 70, 73; district leadership actions, 252; high-leadership capacity, 238–53; is-

sues affecting success, 327; keeping kids in, 326–28; Nigeria, 138–40; parental involvement, 327; professional development support, 125–26; quality of instruction, 353; rural high school consolidation, 117; successful reform, 211–12; without principals, 250–51
Schools of education, 215, 217–19
Science: constructivism, 302; inductive-deductive method, 302–03; language to express content, 364; social consensus, 303, 305
Science and Health Sciences Foundation students, 366
Science curriculum standards (Ohio), 228–32
Scientific language support program, 365
Scientific research: intelligent design, 227; tyranny, 314–15
Self-esteem of bullies, 29
Senses, 297–98, 301
Service: learning, 145–50; work, 111, 113
Six-class social model, 11–12
Social consensus, 297, 300–02, 303–05, 309
Social control, 106, 113
Social development (bullies), 27–30
Social justice, 145, 320, 333–34
Societal readiness, 307–08
South-African: learners, 363–64; recurring patterns and themes, 368–69
South Texas ideal images study, 154–70
Sports festivals (Nigeria), 137
Standard American English (SAE), 37, 45
Standards Committee of the State Board of Education, 228–29
Street-level bureaucrats, 118
Street-level democrats, 116–22
Student achievement: AAVE speakers' gap, 39; charter schools, 118; inner-city youths, 16–17
